The Catapult Network A long-term vision for innovation & growth

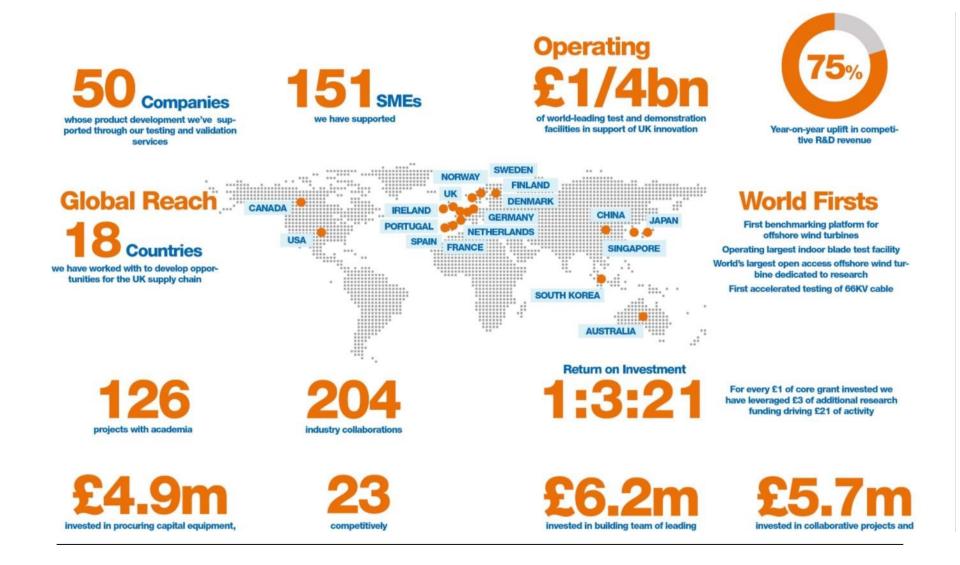

- 11 Catapults
- Established by InnovateUK
- Designed to transform the UK's capability for innovation
- Core grant leveraged with industry and other public funding
- Catapults all highly connected to their sectors – and each other

Our Impact in 2015/16

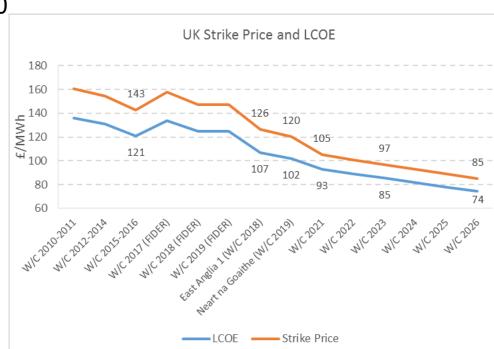

*CCC Sector Scenarios for the 5th Carbon Budget

Offshore Renewables - an essential industry

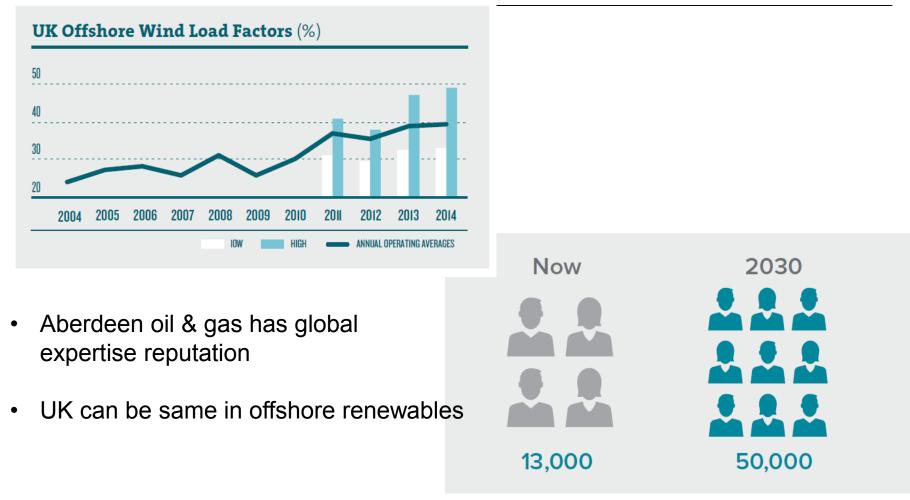

- Paris: net zero emissions by 2100
- 5th Carbon Budget to 2032*
 - 20GW offshore wind by 2030
 - No/slow nuclear 25GW offshore
 - No CCS: 25GW offshore wind
- By 2030
 - Wind 30-40% of UK power generation
 - Offshore wind up to 25%
- Denmark 42% electricity from wind in Costs falling:
 2015 And more rapidly than expected

A UK success story

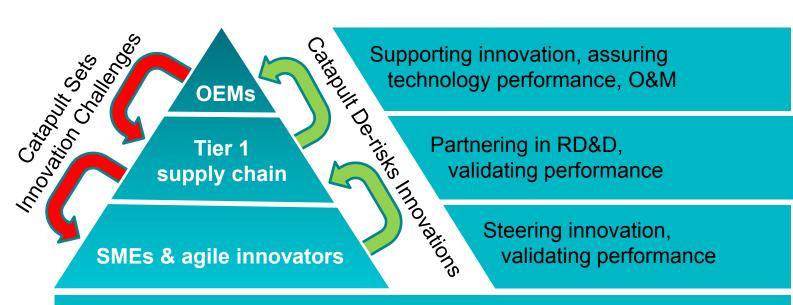

ORE Catapult Build UK Supply chain by closing technical gapSoffshore Renewable Energy

Dual axis blade testing, Bearing testing, Novel cables, Real data for simulations.....

Value Cascade

Deeper academic research partnering and relationships

The world's largest portfolio of open access facilities: £250m capital investment in assets dedicated to research and product validation

- Design, Fabrication, Installation, O&M of offshore power plant
- Scour protection of cables
- Paints / coatings
- Condition monitoring
 - Structural integrity, and NDT
 - ROVs and AUVs
 - Cable integrity
- Spinning plant servicing

JDR PRODUCTS - UMBILICALS & POWER CABLES

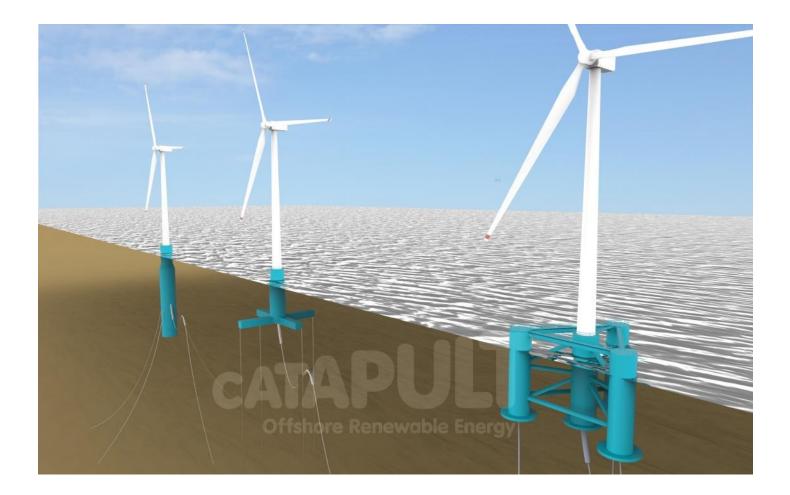

- Renewables still an evolving market
- Different investment risk attitudes and return expectations
- Planning moves often at slower pace
- Technologies and contractual relationships are evolving (who does what, where does risk sit etc)
 - O&G standards not a straight read across
